ABOUT THE AUTHOR

Feedspot Media Database Team

Feedspot has a team of over 50 experts whose goal is to discover and rank blogs, podcasts and youtube channels in several niche categories. Publishers submit their blogs or podcasts on Feedspot using the form at the top of this page. Our expert editorial team

reviews and adds them to a relevant category list. Ranking is based on relevancy, blog post frequency(freshness), social metrics, domain authority, traffic and many other parameters. We routinely remove inactive blogs and those which are no longer relevant to a given list. List is updated as we receive new blog submissions and re-ranked every few weeks.
